

ADOPTION AND/OR FOSTER QUESTIONNAIRE

Completion and submission of this Questionnaire does not guarantee that Save the Dals will place one of its dogs in your home for permanent adoption. This is the first step in our adoption and/or foster process. The next step will be a pre-adoption and/or pre-foster home visit by one of Save the Dal's volunteers.

Adoption fees range from \$275 to \$450, depending on the health of the adoptee and the medical treatment and care it had to undergo prior to adoption. Save the Dals is a non-profit organization that incurs costs that typically far exceed the adoption fee charged for each adoptee. These costs include, but are not limited to, shelter adoption fees, vaccinations, spaying/neutering, boarding fees, microchip, food, veterinary care, and more.
